

# AGENTS OF DISCOVERY

## APP LAUNCH

Virtual First Friday: September 4<sup>th</sup>

### MISSION 49: JOURNEY TO ALASKA'S PAST

The Alaska State Museum has partnered with the Forest Service to make our museum an *Agents of Discovery* mission site.

**Mission 49: Journey to Alaska's Past** is a game within the *Agents of Discovery* app that is played on a mobile device, either at the Museum or virtually at home. It engages kids and families in learning about Alaska cultures and Alaskan History, and concepts like stewardship and sustainability. In exploring artifacts from different places in Alaska, kids build awareness of cultural differences and similarities, while deepening their appreciation for Alaska heritage, homelands and public lands held in trust for all. Science, technology, engineering, and mathematics (STEM)-based educational backstories guide youth through the scavenger hunt.

Download *Agents of Discovery* for free from the App Store or Google Play to begin.

*The app is free to download, and there are no in-app purchases or advertisements.*
